The Dietary Guidelines for Americans recommend limiting saturated fat to 20 grams and sodium to 2,300 milligrams for a typical adult eating 2,000 calories daily.

Recommended limits may be higher or lower depending upon daily calorie consumption.

Substitution of ingredients may alter nutritional values. Menu items and hours of availability may vary at participating locations. Although this data is based on standard portion product guidelines, variation can be expected due to seasonal influences, minor differences in product assembly per restaurant and other factors. Except for limited time offerings or test market items, menu products as of this printing are included in this brochure. Product data is based on current formulation as of date

of publication. If you have any questions about KFC and nutrition or are particularly sensitive to specific ingredients or foods, please contact us at 1-800-CALL-KFC.

Nutrition values for fountain beverages accounts for the addition of 2oz of ice. Depending on the sodium content of the water where the beverage is dispensed, the actual sodium content may be higher or lower than the listed values.

Please visit www.choosemyplate.gov for more information.
